

Preparing Yourself to Influence and Lead as Women

This engaging presentation will focus on how to continue strengthening your influence as women. Dr. Madsen will integrate research findings, best practices, and personal insights to help you take your leadership to the next level through a deeper understanding of how to overcome challenges and embrace opportunities. Dr. Madsen will also challenge you to reflect upon your own developmental journey, provide you with ideas about what you can continue to develop yourself, and discuss how we can help more girls and women finding their own voices and become more influential as well. Men who support women are also welcome to join us for this event!
