

**Attention: Female Students in need
of a Female Mentor**

Mentoring Application Form

Women's Resource Center
DIXIE STATE UNIVERSITY™

Note: The Women's Resource Center Committee will attempt to match you with a female faculty/staff mentor in your discipline.

The DSU Women's Resource campus activities are meant to supplement our focus on the power of female-to-female academic/professional mentoring.

What is (Wo)mentoring?

Usually distinct from peer-to-peer mentoring or having a course advisor, we encourage majoring female students to identify a female faculty or staff who can serve as role models and nurture their academic/professional success.

Get an application form and check out the videos of students' (wo)mentoring experiences at the Woman's Resource Center web site's Mentoring page.

Online applications are now available at dixie.edu/wrc
